# *Tage Olsen Classic*

The Tage Olsen Classic is a stunning example of traditional Swiss watchmaking, capturing the elegance and craftsmanship of mid-20th-century timepieces.

The 36.00 mm diameter, three-body constructed case is a perfect balance of sophistication and classic style, designed for the discerning gentleman who appreciates quality and attention to detail.

Manufactured from 1.4435NcU "Staybrite" stainless steel, the case is both durable and refined, crafted by hand in your atelier using traditional techniques.

The manual winding Peseux movement is a nod to vintage horology, offering the timeless pleasure of winding and controlling the rhythm of your watch. This movement, with its mechanical purity, connects the wearer to a long history of Swiss craftsmanship.

The decision to offer these timepieces made to order since 2003 further reinforces the commitment to exclusivity and precision, ensuring that each piece is tailored to the highest standards.

The Tage Olsen Classic, with its enduring appeal and fine craftsmanship, embodies the spirit of true luxury, destined to become a cherished heirloom.

### **PESEUX 7001 Hand-Winding Movement**

The Peseux 7001 is a classic hand-wound mechanical movement, first introduced in 1971 by the Swiss movement manufacturer Peseux (later absorbed into ETA).

It is known for its reliability, precision, and slim profile, making it a favorite for high-end watches and custom watchmaking. The movement features a simple but effective design with 17 jewels and a frequency of 21,600 vibrations per hour (3Hz), and it typically has a power reserve of around 42 hours.

### **Peseux 7001**

For many years it has been extremely difficult to acquire such movements.  
I have just been lucky enough to acquire 10 of them.

This allows me to produce a small series of 10 Tage Olsen Timepieces

## **Assembly of the Tage Olsen**

The Tage Olsen is manufactured and assembled on demand

The Tage Olsen is available in two dial versions  
Matte Silver & Black Lacquer

**The Price remains as in 2003 CHF 1'600.-**
